Re: Notice of File Closure for Small Mining Activities, New Enterprise Mine, S/053/013,  
Washington County, Utah

Dear Mr. New:

We have received your request to inspect and close the file for your New Enterprise small mining project, located in the NW1/4 of the SE1/4 of Section 8, T41S, R13W, Washington County, Utah. This letter is to notify you that this small mining notice will be closed and the file retired.

The Division performed an inspection of the site on April 16, 1999 and discovered that the only disturbance associated with this site is approximately .5 acres; an area which had been leveled and a house built on this level spot. The area labeled, on a map provided with the original notice, as a prospect to the south is accessed by an existing road and no disturbances were found in this area.

You are hereby released from any further mining or reclamation responsibilities at this site. If you plan to conduct any mining activities in this area, you will need to submit the appropriate notice of intention, pay the Division permit fee, and receive written approval(s), prior to commencing any such activities.

If you have any questions or concerns regarding this action, please contact me at (801) 538-5382.

Sincerely,

Doug Jensen  
Reclamation Specialist
